Help Us Promote Competition

For over 25 years, the American Antitrust Institute (AAI) has championed strong antitrust enforcement and progressive competition policy. As the leading US organization for competition research, education, and advocacy, our independent, highly-respected work has significant impact in major domestic and international arenas: courts, legislatures, the public and private enforcement communities, and regulatory agencies.

With your support in 2027, we will continue to drive programs and initiatives that produce meaningful results for consumers, workers, and businesses who rely on, and benefit from, competition.
